**Talk...** When the world feels scary and dangerous, where do we find hope?

**Listen...** [In Christ Alone](#), by Stewart Townend & Keith Getty

**Do...** First Aid

Learn some first aid skills. It may be finding out how to call for help if someone is hurt, how to tie a bandage, or what to put in your first aid box. Want a bigger challenge? Enrol on a First Aid Course, learn CPR or how to use a defibrillator.

**Make...** [Papier Mache Masks](#)

**Try...** Send a message of hope to someone in isolation. You could try recording, writing or creating it. Be careful not to send physical items if you are not well.

**Pray...**

*Loving God: when we are sad, you are there. When we are worried, you are there. In times of trouble, you are there. Speak to us words of hope and bring us new life.*

*Amen.*
