

CUMBERWORTH FIRST SCHOOL

Newsletter 4th March 2022

Turn Kirklees Pink for Eden

On 10th March we will join with other local organisations which are 'turning Kirklees pink for Eden'. We do not traditionally support local fundraising due to the financial burden it places on our parents. In this instance having been approached by two of our families we asked the School Council whether they would prefer to support Comic Relief or Eden's Army. They chose Eden. 10th March is Eden's 7th birthday so let's help her celebrate by turning the area pink.

On the 2nd page of this newsletter there is some information about the fundraising and the School Council have asked that everyone comes to school that day with a bit of pink on them, if they can, or just wearing something bright. Cash donations can be made to school – or of course you can donate as per the flyer on page 2.

★ STARS OF THE WEEK ★ ★

Class Penguin
Benjamin Edward I
Hattie Hugo
James Olivia MS

Class Eagle
Amelie Chloe Esme Harry I
Henry H Isaac Maisie S
Milly Oliver M Paige
Rosetta Zosia

Class Puffin

Email: head@cumberworthfirstschool.co.uk
or office@cumberworthfirstschool.co.uk

Medicines in School

We have updated our policy for administering medicines in school in line with Kirklees policy. We will only give medicines e.g. antibiotics, pain relief etc if absolutely necessary. A form must be completed for **all** medicines including non-prescription ones - this includes cough sweets / soothers. These also must be handed in to the office.

Hand to Mouth

The Hand to Mouth team were in school this week working with all the children. Their workshops enhance and support our Religious Education curriculum and the children always enjoy their visits.

PLEASE SUPPORT EDEN'S FIGHT AGAINST CANCER

Eden Smith is 6 years old and has Stage 4 Neuroblastoma - a very rare childhood cancer with around 100 children diagnosed every year.

We need to raise **£280,000** for Eden to receive a bivalent vaccine only available in America. The vaccine will increase Eden's chances of survival by greatly reducing her chance of relapse.
