

# Cumberworth First School

24th March 2020

Well we all find ourselves in very unusual, challenging and unsettling times. We just want to reassure you that despite school being closed we hope to stay in contact over the coming weeks.

So we hope you've all been keeping busy. We know that PE with Joe Wicks has been very popular, especially with some of the mums if our staff is anything to go by! He is on at 9:00 each morning on YouTube—be warned he makes you work hard.

Keep active however you can in these tricky times.

Keep your brains working hard too. Lots of reading, maths and being creative. Maybe you've got the ingredients to do some baking—make sure you read the scales carefully and measure accurately. Can you design a new outfit? What can you build with your Lego?

We are keeping everyone, near or far, who is unwell or has lost loved ones in our thoughts and prayers.
