

**Cumberworth First School Summer Art Challenge – Art Remake.** In this challenge, you are tasked with choosing a well-known or favourite piece of art and remaking the artwork in any way that inspires you. You might want to make an exact copy of the artwork, using similar art materials. Or you might want to make a similar picture, using different art materials, be it paint, textiles, collage, pencils, junk materials, etc. You might want to remake the artwork in real life and use photography as your medium. You might even be inspired by the colours, composition or message in a piece of art and interpret this in which ever way you like. The choice is up to you. Below are some examples. The original artist's work is on the left, the remake on the right.

Every child who takes part in the summer art challenge will receive a certificate and all entries will be entered into a prize draw.

Email your completed work to [hello@cumberworthfirstschool.co.uk](mailto:hello@cumberworthfirstschool.co.uk) between now and September 1<sup>st</sup>. Good luck!
