

Library reopening

We plan to reopen the school library after half term on a restricted basis.

Initially, the children will visit the library on alternate Fridays starting with EYFS and KS1 on 6th November and then KS2 will visit on 13th November. There will be a reduced / limited selection of appropriate books available for the children to choose from. Books will be changed between each class visit.

These library books will be taken home on library day and should remain at home for the full two weeks until the child's next scheduled library day.

We hope that these arrangements will allow us to safely quarantine books that are returned between bubble visits to our library before they are re-shelved and put back into circulation.
