

Welcome back. I hope you have had a lovely half term!

This half term we will be developing our topic 'Food glorious food'

Science Our topic will be 'Human nutrition' for Y3 and Y4. Year 2 will be learning about "Animals and their bodies'

Geography- We will find out about Where our food comes from, the journey of food and Fair trade

Computing - We will be learning about Presentation skills to create a powerpoint

Art Learning about the technique of collage and using and applying it to create our own work

DT - We will be developing 'Cooking and nutrition' to develop our own recipes and make them

Music - We are working on the Charanga topic 'Lean on me'

RE- We will complete 'the unit "Faiths in our country'

PE - Games

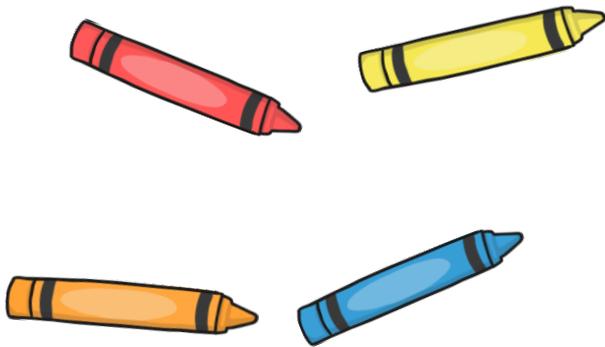

MFL- We are working on the theme 'Fruits' in Spanish

English

Areas covered this term will include:

Writing in role, Diary entry, Character description, Newspaper reports, Poetry, Narrative: Mythical stories

Children will also continue to focus on basic skills including daily phonics, spelling, punctuation, grammar and handwriting.

Maths

Areas covered this half term include:

Fractions

Statistics

Shape

Children will be encouraged to develop mental and oral skills. We will also be working to develop skills through maths mastery sessions.

Children should also be encouraged to work on learning their times tables using the times tables charts provided. When you feel your child is ready to be tested a member of staff will check.

Year 2 should continue to learn their 2, 5 and 10 times tables by working on number patterns and then work upon their 3 and 4 times tables when ready. Once confident feel free to learn the others.

Year 3 and 4 should build upon their knowledge of the 2,5,10 tables and develop their 3,4,and 8's then develop 6,7,9,11,and 12's to ensure all tables and learned by the end of Year 4.

Regular use of Numbots and Times Table Rockstars will help your child to practise and become fluent in their tables.

Weekly routines

PE lessons currently take place on **Friday** afternoons.

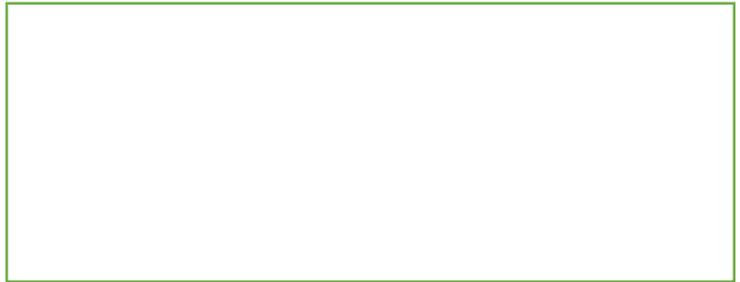

Outdoor learning will take place each **Thursday** afternoon so please ensure your child has outdoor footwear and a coat (we do intend to go outside whatever the weather!).

When homework is given it will be set on a **Friday** to be completed by the following **Wednesday** unless it is a longer Topic related project.

Please read at home as often as possible. We will change reading books each Tuesday and Thursday. It is important to read each book a few times to develop flow, accuracy and comprehension. Where possible your child will read individually in school at least once each week and within guided reading groups during the week.

Expectations for Class Two

- Your child should read frequently at home. Please write any comments in their reading diaries and sign them regularly
- Your child should complete their homework each week. Homework will take the form of weekly spellings on Spelling Shed, regular reading, developing times tables, sometimes Maths or English tasks and occasional Topic based projects (usually one per half term). Homework will be set via **Google classroom** each Friday.

Notes

This half term we are hoping to be developing our topic to include a visit to a local supermarket – more details to follow!

Please support your child by helping them to be ready to come into school with all equipment required (book bags, water bottles, reading records, coats etc.), and to encourage them to come into class independently. At the end of each day the children will be brought into the playground in groups. This will enable staff to send children to parents/carers once we have identified them.

Thank you in advance for your support, if you do have any questions or concerns please do call in and see me. Many thanks Mrs Roclawski

Work hard, aim high
