

**‘Bones and Bandages’**

Our project, ‘Bones and Bandages’ links our learning in History, DT and Science.

**History**

The Ancient Egyptians – how they lived, what they believed, mummies and Tutankhamun.

**DT**

The children will build an Egyptian house using ‘authentic’ materials.

**Science**

Skeletons and muscles – the purpose of a skeleton and how we move.

**Other Curriculum Subjects**

Alongside our project, we will also be studying the following areas of the curriculum.

**ICT**

‘Creating and Publishing’ a variety of pieces using Microsoft Office and PowerPoint.

**PE**

‘MultiSports’ and Sports Hall Athletics. The children will build their stamina and speed in preparation for upcoming sporting events and competitions.

**PSHE**

Being Me in the World.

**Music**

The children will be engaged in rhythm games as well as whole class Brass lessons led by Musica Kirklees

**RE**

Gospel- What kind of World did Jesus want?

**How can you help?**

- Ask your child about their learning in school.
- Be aware of what your child is accessing online.
- Help your child to research their science and history topics using the internet and non-fiction texts.
